K'Watch Glucose wins Seal of Excellence from European Commission

Paris, June 28th, 2018 - PKvitality, an advanced bio-wearable company, announced today that K'Watch Glucose received Seal of Excellence from the European Commission H2020 instrument Phase 2. Following evaluation by an international panel of independent experts, K'Watch Glucose was scored as a high-quality project proposal in a highly competitive evaluation process.

This seal of excellence is an recognition of the high quality and competitiveness of K'Watch Glucose project. It will encourage PKvitality company to step forward and help them in fundings with investors in the future.

What is SME instrument?

Horizon 2020 funds high-potential innovation developed by SMEs through the SME instrument. The SME instrument offers Europe's brightest and boldest entrepreneurs the chance to step forward and request funding for breakthrough ideas with the potential to create entirely new markets or revolutionise existing ones.
